IMPROVEMENTS FOR LOW TO MODERATE INCOME HOUSEHOLDS

This agreement to support home improvements and sustainability financing (AGREEMENT) is made on March 26, 2019, (EFFECTIVE DATE) between Martin County, a political subdivision of the State of Florida, with an address of 2401 SE Monterey Road, Stuart, FL 34996 (COUNTY), and Solar and Energy Loan Fund of St. Lucie County, Inc., a Florida not-for-profit corporation and certified Community Development Financial Institution, with an address of 2400 Rhode Island Avenue, Ft. Pierce, Florida 34950 (SELF).

RECITALS

WHEREAS, Low and Moderate Income (LMI) households are disproportionately affected by steadily rising energy costs, and housing conditions in underserved and underbanked communities and are often older, inefficient structures that further exacerbate energy costs and increase vulnerability to storms and hurricanes, as well as the ability to age in place; and

WHEREAS, many LMI households and individuals with lower credit scores are unable to secure financing from traditional lenders at affordable rates, if at all, in order to invest in much needed home improvement projects whether to improve energy efficiency, utilize clean energy alternatives, harden the home against storms, make necessary repairs, or remodel for accessibility, greater comfort, livability, and peace of mind; and

WHEREAS, as a result of financial gaps in underserved and under banked communities, many LMI households cannot properly safeguard their homes or utilize state-of-the-art technologies to achieve meaningful savings in energy, water, and insurance bills; and

WHEREAS, if local residents cannot afford the upfront cost of home renovations they also cannot gain access to assorted rebates and tax credits, which make home renovations even more cost-effective; and

WHEREAS, SELF is a non-profit and certified Community Development Financial Institution (CDFI) that provides access to innovative and favorable financing to homeowners, including but not limited to LMI households, veterans, female heads of household, individuals with poor credit, and other individuals who must otherwise rely on predatory lenders, such as high interest rate credit cards or payday loans, or have no financing options at all; and

WHEREAS, SELF and the COUNTY desire to work together to expand SELF's financing programs to residents of the COUNTY and include financing associated with replacement of septic systems with tie-in to the COUNTY's water and sewer system to enhance water conservation and quality; and

WHEREAS, SELF intends to work closely with local licensed and insured contractors to complete the home renovation projects in the COUNTY; and

WHEREAS, the COUNTY desires to have providers of property assessed clean energy (PACE) programs in the unincorporated area of the COUNTY audited and SELF is knowledgeable and experienced in this service.

NOW THEREFORE, in consideration of the promises and covenants contained herein, and other good and valuable consideration, the receipt and adequacy of which are hereby acknowledged, the Parties agree as follows.
